ABOUT BCA

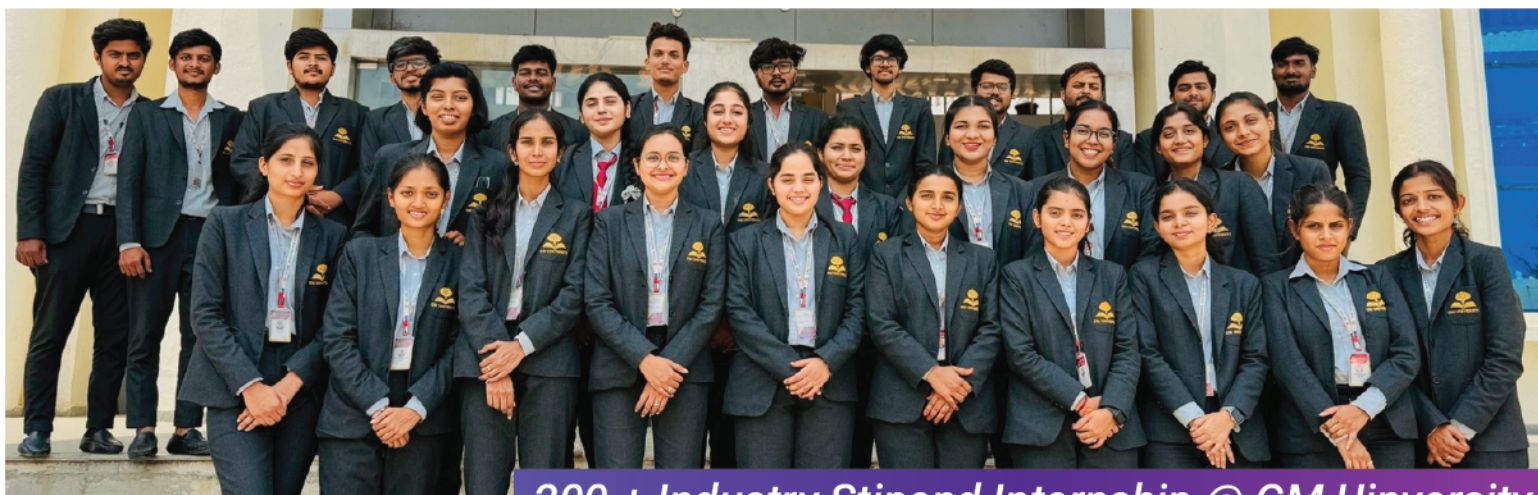

The Bachelor of Computer Applications (BCA) program provides a strong foundation in computer science and prepares students for careers in the rapidly growing IT industry. It combines theoretical knowledge with practical learning through labs, projects and internships, helping students develop essential skills in programming, problem-solving, critical thinking, and teamwork. The curriculum is designed to keep pace with the latest technologies and industry trends, enabling graduates to pursue roles such as software developers, web designers, data analysts, or entrepreneurs. Additionally, the program builds important communication and professional skills while also offering a solid pathway for higher studies like a Master of Computer Applications (MCA). Overall, BCA is an excellent choice for students seeking diverse and rewarding opportunities in the technology sector.

JOB PROSPECTS

Navigating IT Careers

Empowering Students with Top Career Opportunities.

200 + Industry Stipend Internship @ GM University

Our Placed Students

BCA - Data Science

Step into the future with Data Science - the most in-demand skill of the digital era.

Learn to analyze, predict, and innovate using AI, machine learning & big data tools. Whether you dream of working with top tech companies, driving business innovation, or researching breakthrough solutions.

Data Science opens doors to limitless opportunities.

BCA - Cyber Security

Digital Defense Starts With You.

Gain the skills to protect systems, networks & information from evolving cyber threats. Explore ethical hacking, encryption, risk management and digital forensics. Be the digital guardian to secure the future, one byte at a time.

Enroll now !!! Protect data, Defend networks.

BCA - AI & Data Analytics

Learn Today. Lead Tomorrow with AI.

Artificial Intelligence is the driving force behind the world's most advanced technologies. Empower yourself to build intelligent systems that can think, learn and make decisions. Learn core AI concepts like machine learning, deep learning, natural language processing and robotics through hands-on projects.

Step into the future and shape it with the power of AI. Join Now !!

Academic Achievers

Prasad Kamat
8th Rank - BCA
2021-22

Harshita P
3rd Rank - B.Sc
2022-23

Anjum Banu
6th Rank - B.Sc
2022-23

Ashwini P
10th Rank - BCA
2022-23

Shalini M
3rd Rank - B.Sc
2024-25

Programme Insights

5 Certification course

Earn 5 certification courses along with a Bachelor's degree for a faster professional progression. Emphasis on practical learning through real-world projects, case studies, and assignments aligned with industry standards.

Innovation & Incubation & Entrepreneurship

Fosters innovation through workshops and an innovation Fest, supporting students in incubating promising ideas into start-ups with the aid of the centre for Business incubation

Career advice, Life skill & Placement training

Oriental group of institutes helps students improve the soft skills through top-notch training, boosting their chances of landing desirable jobs in the corporate world. Industry Stipend Internships.

Tech Forum

Tech forums provide a hub for enthusiasts and professionals to share insights, troubleshoot issues, and explore the latest advancements, fostering a vibrant community of knowledge exchange.

Salient Features

- Outcome based curriculum
- Curriculum is current, advanced and futuristic
- Focus on 360° development of students
- Technology enabled teaching
- Focus on project based/ activity based learning
- Vibrant campus

Students Accomodation

- Separate hostels for boys & girls
- Cozy accomodation (2/3 share)
- High speed Wi-Fi
- Varieties of cafeteria for you to choose

Student Affairs

Athletics | Indoor Sports
Outdoor Sports | Yoga
Gymnastics | Literary club
Cultural Clubs | Technical clubs

Career Advice & Students Placement

Diverse Placement Opportunities | Competitive salary packages
Internship programs | Professional development support
Industry-Academia collaborations | Career Guidance services
Global Opportunities | Placement preparation resources
